## How do I archive a post I've shared on Instagram?

Copy Link

You can archive a post you've shared to hide it from your profile and make it so your followers and other people on Instagram can't see it. When you archive a post, it keeps all its likes and comments.

### To archive a post:

#### Instagram app for Android and iPhone

1. Tap or your profile picture in the bottom right to go to your profile.
2. Tap the post you'd like to archive.
3. Tap (iPhone) or (Android) in the top right.
4. Select **Archive**.

#### Instagram Lite app for Android

Once you've archived a post, you can choose to show it on your profile again. The post will return to its original spot on your profile.

### To show an archived post on your profile:
